CAREER FAIR
Veale Center | October 03, 2013 | 11a.m. - 3p.m.
EMPLOYER GUIDE

Career Center

Mission
The Career Center offers individualized assistance, programs, and technologically advanced resources to educate students in the development of lifelong career management skills, the attainment of work experience, and the integration of academic and career plans.

Services

Drop-In/Consulting Hours
Ask quick questions about your job search, resume or cover letter, or graduate and professional school applications. See website for times.

Career Counseling
Request an appointment to discuss choice of major or career, assessment results, or get advice on job search strategies.

Self-Assessment Activities
We offer the Myers-Briggs Type Indicator and the Strong Interest Inventory. These activities can provide direction as you navigate your choice of major or career interest area.

Credential Files: Introduction to Interfolio
Interfolio is a web-based credential and reference file management service that maintains files for students and alumni. This service replaces the paper-based files.

Mock Interviews
Strengthen your interview skills with a mock interview. Student must provide a critiqued resume at the time they request an appointment.

Alumni Career Network
The Alumni Career Network links students with alumni volunteers who provide information, advice and guidance in specific fields and industries.

Practicum Program
The Practicum Program provides an opportunity for undergraduate students from the College of Arts & Sciences and Weatherhead School of Management to earn transcript notation for a full-semester workplace experience during the academic year.

CWRULink
Our online career management system has job and internship postings, on-campus interviewing positions, resume books, and info sessions.

Staff

Thomas Matthews, PhD, Executive Director
thomas.matthews@case.edu

Robin Hedges, Associate Director
robin.hedges@case.edu

Drew Poppleton, Associate Director

How to Work a Career Fair

The relaxed and friendly "open house" format of a career fair makes it easy to explore career options, develop a network of career contacts, identify job openings, and even land an interview in a short amount of time. Here are some quick tips designed to maximize your success.

Preparing for a Career Fair

Clarify your goals. What do you hope to get out of the Career Fair: Information about employers? A chance to meet a representative from a particular company? An overview of the job market? Make sure your expectations are consistent with the purpose of the event.

Research the companies in advance. Review the list of attending employers. Identify those that are looking for candidates with your qualifications. Read any information available about the company. Write down a few questions about the organization that you can ask the representative. On the day of the career fair, pick up additional material, find a quiet corner, and study it in more detail.

Prepare a one-minute introduction about yourself. In addition to stating your name, school, major, and the type of position you seek, you should express why you are interested in the organization or field. Briefly relate your background to what you know about the employer's needs. Practice your introduction until you feel comfortable with it. This will make you feel and appear more confident, organized, and focused.

Bring your resume. Make sure you have enough copies of your resume—between 20 and 30 is usually sufficient. Be sure to include phone number and e-mail address on resume.

Prioritize your time. Take a few minutes before you enter the room to review the list of attending companies. Highlight and prioritize those you are most interested in so you can organize your time efficiently. Instead of standing in line to talk to a particular employer, circulate and come back later.

First impressions are lasting impressions. Dress and act professionally. As always, good grooming is essential. Avoid anything distracting, like too much jewelry, heavy makeup, heavy perfume or a messy hairstyle. For business occasions, the look should be tailored. Walk confidently with good posture. Make direct eye contact and shake hands firmly.

Market yourself. Consider the career fair as "round one" of a job interview. Show interest and enthusiasm by smiling and speaking clearly. Have a positive greeting: "Hello, I'm Chris Smith. I'm a management major and will graduate in May. I'm glad to see your company here and would like to ask you about......"

Ask appropriate questions. Increase your knowledge of industry trends, job options, career paths, training programs and other information that can help you make a wise career decision. Answer questions clearly and concisely. There may be many people in line behind you, so you don't want to take up too much time. Concise answers also show that you are well prepared. Save your questions on salary and fringe benefits until you are further along in the interview process. Ask if they are collecting resumes and ask for a business card because you will want to follow up on interesting leads. Thank them for their time. Do not just collect give-a-ways—take information, too.

Broaden your focus. You may miss out on possible opportunities if you pass up an employer because of preconceived ideas. Many technical firms offer non-technical positions, and vice-versa. You'll be surprised by how many employers are looking for candidates with a solid liberal arts background, and internship or co-op experience.

Follow Up. Since you have business cards and company information, you can write individualized follow-up letters (include another copy of your resume) to appropriate employers, expressing your continuing interest. If you can, mention something you discussed in your conversation at the career fair.
How do I find company information?

</tbody>
</table>

* OCI Friday is On-campus Interviewing (OCI) that takes place the day after the Career Fair, Friday, October 4. To be considered for one of these interviews, stop by the company’s table at the University Career Fair to submit your resume and indicate your interest in interviewing. If you are selected for an interview, an employer representative will contact you directly to schedule a time. Interviews will take place in the Career Center, Sears Library Building, Room 229 or in the Inamori Center (please make sure to confirm the location with your company representative).

** OCI is On-campus Interviewing that takes place in the Career Center between October 7 and November 15. Most of these OCI schedules are Preselect, meaning that the process is managed through CWRULink - you submit your resume/application materials online, employers select candidates there, and selected candidates sign-up for timeslots through CWRULink. Exceptions are noted with ***.

*** These employers are conducting Room Reservation Only OCI, which means that you won’t see an On-campus Interviewing position listed in CWRULink (though you may see a non-OCI job or internship posting). You apply by submitting your resume at the University Career Fair, via the company’s website, or via a non-OCI job posting in CWRULink. If you are selected for an interview, the employer will contact you directly to schedule a time. Interviews will take place in the Career Center.
1 EDI Source, Inc. - http://1edisource.com
31875 Solon Road, Solon, OH 44139
Darlene Engoglia, HR Generalist/Recruiter, dengoglia@1edisource.com
Phone: 440-519-7800

1 EDI Source is a leading provider of electronic data interchange (EDI) software. Companies rely on us for a faster, cheaper and more accurate way to share data between computer systems. We’re a team of smart, energetic business professionals and EDI techies who develop, sell and support robust software and provide first-class service. And we’re growing! Looking for a dynamic, fun and rewarding culture?

We’ve built an entire suite of EDI products to make our clients more productive, more effective and more efficient. That’s because they are designed by EDI experts – people who use the software every day to manage EDI operations for businesses of all sizes in a wide range of industries. Each of our EDI products is the top of its class, going beyond the basics with an easy-to-use interface, advanced tools and a host of features.

Acumen Solutions, Inc. - http://www.acumensolutions.com  
5700 Lombardo Center, Suite 201, Seven Hills, OH 44131  
Larry Fisher, Recruiting Manager, lfisher@acumensolutions.com  
Phone: 216-654-9807

Acumen Solutions is the trusted leader in Enterprise Cloud Transformation, helping organizations realize dramatic improvements in productivity and profitability through innovations in business and technology. Industry and government leaders including American Express, Comcast, McKesson, and the US Securities and Exchange Commission rely on our global consultants to deliver cloud solutions that yield exceptional results.

We apply this same focus on results to our unparalleled social responsibility program, generating sustainable impact across our local communities.

WE ARE ENTERPRISE-CENTRIC, NOT TECHNOLOGY-CENTRIC

We work with the largest organizations in the world to help them solve their complex business problems. We aren’t interested in delivering point solutions, but instead look to drive cross-process and cross-business unit efficiencies and improvements through a set of comprehensive solutions.

Alcoa - http://www.alcoa.com  
201 Isabella Street, Pittsburgh, PA 15210  
Stephen Walker, HR Specialist, stephen.walker2@alcoa.com  
Phone: 412-865-5996

Alcoa is the world’s leading producer of primary aluminum, fabricated aluminum and alumina. In addition to inventing the modern-day aluminum industry, Alcoa innovation has been behind major milestones in the aerospace, automotive, packaging, building and construction, commercial transportation, consumer electronics and industrial markets over the past 120 years. Sustainability is an integral part of Alcoa’s operating practices and the product design and engineering it provides to customers. Alcoa has been a member of the Dow Jones Sustainability Index for nine consecutive years and approximately 75 percent of all of the aluminum ever produced since 1888 is still in active use today. Alcoa employs approximately 59,000 people in 31 countries across the world.

ANSYS, Inc. - http://www.ansys.com
275 Technology Drive, Canonsburg, PA 15317

Olivia Nickovich, HR Specialist, olivia.nickovich@ansys.com
Phone: 724-514-3656

ANSYS develops advanced engineering simulation software, which companies around the world use to test how a product design will perform before launching it in the marketplace. In creating today’s innovative devices, engineers must accurately account for the effects of physics, including structural, fluid flow and electromagnetics. Because building and testing physical prototypes is extremely cost inefficient, R&D teams turn to computer simulation to study and optimize product designs. The ANSYS software suite incorporates FEA, CFD, electronics, electromagnetics, coupled multiphysics and even embedded software capabilities to enable deep analysis of product performance. The software’s underlying physics ensure that computational solutions are reflective of real-world conditions. Many industries use ANSYS software to design out problems before they are manufactured in. Our website lists specific job opportunities (www.ansys.com/careers).

**Position Type(s):** Full-Time, Co-op, Internship

Applied Medical Technology - http://amtnovation.com
8000 Katherine Blvd, Brecksville, OH 44141
Marcie Rockich, HR Supervisor, hr@appliedmedical.net
Phone: 440-717-4226  Fax: 440-717-4200

We’ve been here from the beginning.

Applied Medical Technology, Inc. was present at the birth and development of the Percutaneous Endoscopic Gastrostomy (PEG) movement. Our founder co-invented the first Button low profile feeding device, which AMT manufactured for distribution by C.R. Bard, Inc.

Since then, AMT has continued to introduce innovative designs and materials to advance PEG by increasing patient comfort while improving patient outcomes. View some of our g-tube firsts here.

Bose Corporation
100 The Mountain Road, Framingham, MA 01701
Lina Morales, Recruiting Coordinator, bose@nc3.com
**Phone:** 401-642-1721  **Fax:** 401-728-0698

Bose is a research company dedicated to developing breakthrough technologies and quality products that enrich people’s lives. To do so, we take a different approach than most companies. The result is a longstanding reputation for innovation and quality. Reaching our goals requires uniquely talented individuals with a strong desire to grow and achieve. Individuals who share the values of passion, innovation, excellence, respect and integrity are embedded throughout our organization today. We're looking for men and women with talents in research, manufacturing, web design, information technology, global marketing, finance, communications and more. You find the results of their work all around you—in homes, automobiles, supersonic jets, retail stores, restaurants and stadiums.

Troy Anenson, VP of Engineering, hr@comtime.com

**Phone:** 330-644-3059    **Fax:** 330-644-8110

Commercial Timesharing Inc. (CTI) provides innovative software and electrical engineering services world wide. Founded in 1978, CTI has grown to 20+ engineers; part of a total enterprise of more than 100.

CTI is a resource for large industries. We collaborate with our clients to define needs, and then we design, develop, and deploy projects to meet those needs. We also provide and support a specific line of tire testing and operation management products for the tire and rubber industry.

Our size allows each employee to be a contributor, not just another small cog in a big wheel. We have a strong team methodology and work with a demanding range of technologies, a combination that creates a great experience for those motivated to meet new challenges.

Charles Stack, CEO, info@flashstarts.com  
**Phone:** 216-220-0200

Entrepreneurs: Applications to our Startup Accelerator open in January. No shoving please. There is room for everyone. Not in our accelerator – that’s only 10 teams – but in our application process we will take anyone, even you and your half-baked idea. Place your half-baked idea in our application process and we will help you finish it so it's ready for our Summer program – or even some other program.

Interns: Overload your resume with meaningful, real world business experience. You are the perfect candidate if you thrive on being challenged, have an eagerness to learn, can juggle multiple projects at a time, and have an interest in entrepreneurship.

Apprentices: Are you interested in becoming an entrepreneur but you don’t yet have an idea or a team to work with? Here is your opportunity. FlashStarts is accepting a limited number of college graduates as apprentices to join existing start-up teams.

Fresenius Kabi is a leading global health care company that focuses on medicines and medical devices used to care for critically and chronically ill patients. Our products include intravenous specialty and generic medicines, infusion therapies, blood-transfusion technologies and clinical nutrition. Our roots go back more than 100 years to the founding of our parent company, Fresenius SE, in Bad Homburg, Germany, where the company is headquartered today. In the United States, Fresenius Kabi offers a broad portfolio of specialty and generic pharmaceuticals under the APP brand (www.APPpharma.com). In 2012, Fresenius Kabi acquired Fenwal Inc. (www.fenwalinc.com), expanding the Fresenius Kabi offering to include Fenwal products for transfusion medicine. These include advanced medical technologies used in blood separation, collection, filtration, storage and transfusion.

OverDrive Inc. - http://www.overdrive.com
One OverDrive Way, Cleveland, OH 44125

Mike Dresch, Corporate Recruiter, mdresch@overdrive.com

Phone: 216-573-6886   Fax: 216-573-6888

The OverDrive Team is a group of innovative, passionate masterminds who build & distribute technology solutions for the real world.

We work in a lively, casual environment to develop software for millions of people use every day. We’re Clevelanders at heart – tenacious, committed, & forever believing that the Browns can have a decent season. Most of all, we’re idea people. We believe every great idea should be pursued, & we regularly celebrate the great ideas that come from every department.

If you want a job that doesn't require you to think, create, or innovate, you're looking at the wrong company. But if you want a career that is challenging & allows you to stretch & flex those brain muscles you've worked so hard to build--while having some fun as well--welcome to OverDrive.

Make your first step a great one and come and build your career with one of the leading technology companies in the Midwest.

**Yelp**

706 Mission Street, 9FL, San Francisco, CA 94103
Elena Hernandez, Technical Recruiting Coordinator, newgradjobs@yelp.com
**Phone:** 415-230-6515

Yelp has been changing the nature of how people share local knowledge and find out about what's going on in their city and beyond since 2004. We're one part community, one part local city guide, with an opinion on everything from mechanics and martini bars to dentists and dining, and everything in between. Doesn't that sound like something you'd want to be involved in? We have a scrappy team of software engineers here at Yelp and we need more! We are hiring students pursuing a Bachelor's, Master's or Doctorate degree.

**Position Type(s):** Full-Time, Practicum, Co-op, Internship

**Degree(s) Desired:** Bachelor's, Master's, Doctorate
