Career Center

Mission
The Career Center offers individualized assistance, programs, and technologically advanced resources to educate students in the development of lifelong career management skills, the attainment of work experience, and the integration of academic and career plans.

Services

Drop-In/Consulting Hours
Ask quick questions about your job search, resume or cover letter, or graduate and professional school applications. See website for times.

Career Counseling
Request an appointment to discuss choice of major or career, assessment results, or get advice on job search strategies.

Self-Assessment Activities
We offer the Myers-Briggs Type Indicator and the Strong Interest Inventory. These activities can provide direction as you navigate your choice of major or career interest area.

Credential Files: Introduction to Interfolio
Interfolio is a web-based credential and reference file management service that maintains files for students and alumni. This service replaces the paper-based files.

Mock Interviews
Strengthen your interview skills with a mock interview. Student must provide a critiqued resume at the time they request an appointment.

Alumni Career Network
The Alumni Career Network links students with alumni volunteers who provide information, advice and guidance in specific fields and industries.

Practicum Program
The Practicum Program provides an opportunity for undergraduate students from the College of Arts & Sciences and Weatherhead School of Management to earn transcript notation for a full-semester workplace experience during the academic year.

CWRULink
Our online career management system has job and internship postings, on-campus interviewing positions, resume books, and info sessions.

How to Work a Career Fair

The relaxed and friendly "open house" format of a career fair makes it easy to explore career options, develop a network of career contacts, identify job openings, and even land an interview in a short amount of time. Here are some quick tips designed to maximize your success.

Preparing for a Career Fair

Clarify your goals. What do you hope to get out of the Career Fair: Information about employers? A chance to meet a representative from a particular company? An overview of the job market? Make sure your expectations are consistent with the purpose of the event.

Research the companies in advance. Review the list of attending employers. Identify those that are looking for candidates with your qualifications. Read any information available about the company. Write down a few questions about the organization that you can ask the representative. On the day of the career fair, pick up additional material, find a quiet corner, and study it in more detail.

Prepare a one-minute introduction about yourself. In addition to stating your name, school, major, and the type of position you seek, you should express why you are interested in the organization or field. Briefly relate your background to what you know about the employer's needs. Practice your introduction until you feel comfortable with it. This will make you feel and appear more confident, organized, and focused.

Bring your resume. Make sure you have enough copies of your resume—between 20 and 30 is usually sufficient. Be sure to include phone number and e-mail address on resume.

Prioritize your time. Take a few minutes before you enter the room to review the list of attending companies. Highlight and prioritize those you are most interested in so you can organize your time efficiently. Instead of standing in line to talk to a particular employer, circulate and come back later.

First impressions are lasting impressions. Dress and act professionally. As always, good grooming is essential. Avoid anything distracting, like too much jewelry, heavy makeup, heavy perfume or a messy hairstyle. For business occasions, the look should be tailored. Walk confidently with good posture. Make direct eye contact and shake hands firmly.

Market yourself. Consider the career fair as "round one" of a job interview. Show interest and enthusiasm by smiling and speaking clearly. Have a positive greeting: "Hello, I'm Chris Smith. I'm a management major and will graduate in May. I'm glad to see your company here and would like to ask you about......"

Ask appropriate questions. Increase your knowledge of industry trends, job options, career paths, training programs and other information that can help you make a wise career decision. Answer questions clearly and concisely. There may be many people in line behind you, so you don’t want to take up too much time. Concise answers also show that you are well prepared. Save your questions on salary and fringe benefits until you are further along in the interview process. Ask if they are collecting resumes and ask for a business card because you will want to follow up on interesting leads. Thank them for their time. Do not just collect give-a-ways—take information, too.

Broaden your focus. You may miss out on possible opportunities if you pass up an employer because of preconceived ideas. Many technical firms offer non-technical positions, and vice-versa. You'll be surprised by how many employers are looking for candidates with a solid liberal arts background, and internship or co-op experience.

Follow Up. Since you have business cards and company information, you can write individualized follow-up letters (include another copy of your resume) to appropriate employers, expressing your continuing interest. If you can, mention something you discussed in your conversation at the career fair.
### How do I find company information?

</table>

*OCI Tuesday* is On-campus Interviewing (OCI) that takes place the day after the Career Fair, Tuesday, February 11. To be considered for one of these interviews, stop by the company’s table at the Get Experienced Career Fair to submit your resume and indicate your interest in interviewing. If you are selected for an interview, an employer representative will contact you directly to schedule a time. Interviews will take place in the Career Center, Sears Building, Room 229.

**OCI** is On-campus Interviewing that takes place in the Career Center between February 12 and April 4, 2013 (excluding Spring Break, March 10-14, 2014). Some of these OCI schedules are Pre-select, meaning that the process is managed through CWRULink—you submit your resume/application materials online, employers select candidates there, and selected candidates sign-up for timeslots through CWRULink. Exceptions are noted with ***

*** These employers are conducting Room Reservation Only OCI, which means that you won’t see an On-campus Interviewing position listed in CWRULink (though you may see a non-OCI job or internship posting). You apply by submitting your resume at the Get Experienced Career Fair, via the company’s website, or via a non-OCI job posting in CWRULink. If you are selected for an interview, the employer will contact you directly to schedule a time. Interviews will take place in the Career Center.

Alcoa - http://www.alcoa.com
201 Isabella Street, Pittsburgh, PA 15210

Stephen Walker, HR Specialist, stephen.walker2@alcoa.com
Phone: 412-553-2218

Alcoa is the world’s leading producer of primary aluminum, fabricated aluminum and alumina. In addition to inventing the modern-day aluminum industry, Alcoa innovation has been behind major milestones in the aerospace, automotive, packaging, building and construction, commercial transportation, consumer electronics and industrial markets over the past 120 years. Sustainability is an integral part of Alcoa’s operating practices and the product design and engineering it provides to customers. Alcoa has been a member of the Dow Jones Sustainability Index for nine consecutive years and approximately 75 percent of all of the aluminum ever produced since 1888 is still in active use today. Alcoa employs approximately 59,000 people in 31 countries across the world.

CWRU Institute for Management and Engineering - http://mem.case.edu
10900 Euclid Avenue, 302 Nord Hall, Cleveland, OH 44106-7233

Ramona David, Admissions and Program Manager, ramona.david@case.edu
Phone: 216-368-0596  Fax: 216-368-0144

The MEM degree is offered through an innovative collaboration between the Case School of Engineering and the Weatherhead School of Management. The one-year, 14-course program of study builds on the technical and analytical skills you gained through your undergraduate engineering degree and provides a real-world framework for applying them along with master’s level business management tools. Individualized coaching emphasizes self-assessment and emotional intelligence. Interdisciplinary team projects enhance the people skills you’ll need as a business leader today. The MEM program positions you to become more productive faster—and accelerate your career.

CWRU Office of Education Abroad - http://www.case.edu/international/edabroad/
Center for International Affairs, 10900 Euclid Avenue, Tomlinson 143, Cleveland, OH 44120

Autumn Beechler, Study Abroad Advisor, axb727@case.edu
Phone: 216-368-5836  Fax: 216-368-4889

The Office of Education Abroad (OEA) at CWRU creates impactful experiential education through study, intern, research, and volunteer abroad opportunities. Through CWRU international partnerships and consortiums, such as the Global Engineering Education Exchange, CWRU students can earn CWRU credit at over 75 semester and academic year programs in 35 different countries. The office also coordinates with CWRU faculty to facilitate study abroad experiences that are less independent, and typically occur over academic breaks (Spring, Winter, Summer, and May Term). Study abroad students find that a world of possibility is open to them. They have access to over 20 top 100 institutions worldwide, and gain distinctive educational experiences by working on cadavers in Australia, studying thermodynamics in Botswana, or researching neuroscience with experts in Switzerland, among others. Think study abroad: email studyabroad@case.edu and stop by our booth to start your international experience.

Ready to change the way the world works? This is your chance to develop innovative new technology products, as well as your career, with the world's second largest software-maker. Hone your expertise alongside fellow talented professionals, where you'll develop some of the most exciting software solutions on the market. At IBM, we're strongly committed to the advancement of open Internet standards and applications as well. IBM Software Group provides a next-generation open integration platform built on a service oriented architecture. Things like oil exploration, earthquake prediction, water conservation, and traffic management need smart systems: we provide open rather than proprietary software and fully integrated business processes and solutions. Bringing these systems to life requires the right people, tools and business insight.

We are a more than 155-year-old mutual company serving the insurance and investment needs of more than three million clients. During our long history, we have protected our clients and paid life insurance dividends every year since 1872. In fact, while not guaranteed, we pay more than triple the ordinary life insurance dividends of our nearest competitor. We are the nation’s largest direct provider of individual life insurance — ranking 114 on the FORTUNE 500 with $202 billion in assets. When you’re looking for help in managing your financial risk and achieving financial security, we are a strong company.
• Northwestern Mutual is among the “World’s Most Admired” life insurance companies according to executives, directors and analysts in FORTUNE® magazine’s 2013 annual survey.1 • Northwestern Mutual has a persistency rate of 96% for life insurance in-force, a key indicator of customer satisfaction.

OverDrive - http://www.overdrive.com
One OverDrive Way, Garfield Heights, OH 44125
Mike Dresch, Corporate Recruiter, mdresch@overdrive.com
Phone: 216-573-6886

The OverDrive Team is a group of innovative, passionate masterminds who build & distribute technology solutions for the real world. We distribute digital books to readers at libraries, schools, and retailers all over the world. We work in a lively, casual environment to develop software for millions of people use every day. We’re Clevelanders at heart – tenacious, committed, & forever believing that the Browns can have a decent season. Most of all, we’re idea people. We believe every great idea should be pursued, & we regularly celebrate the great ideas that come from every department. If you want a job that doesn’t require you to think, create, or innovate, you’re looking at the wrong company. But if you want a career that is challenging and allows you to stretch and flex those brain muscles you’ve worked so hard to build--while having some fun as well--consider joining OD. Make your first step a great one and come and build your career with one of the leading technology companies.

"Everything we do is ENGINEERED TO AMAZE. Our client-focused culture ignites passion, accelerates results, and leads folks to the right decision with certainty." The reason Quicken Loans and our Family of Companies are such incredible places to work? That’s easy: Our culture. The workplace here is a product of many things: wonderful people, marvelous benefits, terrific perks, and a whole lotta love. We strive to create a company where you’ll be excited to come to work every day, and eager to be involved in everything we’re doing. People who work here have the opportunity to accomplish incredible things. Not only do we help thousands with their home loans every day, but we’re also active in our community. There’s more to us than you think; our employees, (who we call team members) perform jobs from mortgage banking to marketing, and event management. Whatever your interest, you’ve got the chance to be a part of something great, and we think that’s really cool.

ViewRay, Inc. - http://www.viewray.com
2 Thermo Fisher Way, Oakwood Village, OH 44146
Meredith E. Stone, Manager, Software Engineering, mestone@viewray.com
Phone: 216-339-5694

ViewRay is a start-up medical device company, local to the Cleveland area, that has developed the first combined MRI-RT system for the treatment of cancer. The ViewRay™ system gives clinicians a fresh approach to observing, assessing, and personalizing a patient’s treatment. Using a patented combination of magnetic resonance imaging (MRI) and radiation therapy delivery technology, the ViewRay system provides high-quality pre-treatment images and continuous soft-tissue imaging during treatment—not minutes before the treatment, or after the treatment is delivered, but while the beam is on. When clinicians can clearly see the target and watch where the radiation dose is actually being delivered, they are better able to adapt to changes in the patient’s anatomy. ViewRay is recruiting in its software engineering department.
